The same 300 items in identical positions

Fixed domain and facet groups | 1% of edges per panel | shared absolute edge−width scale

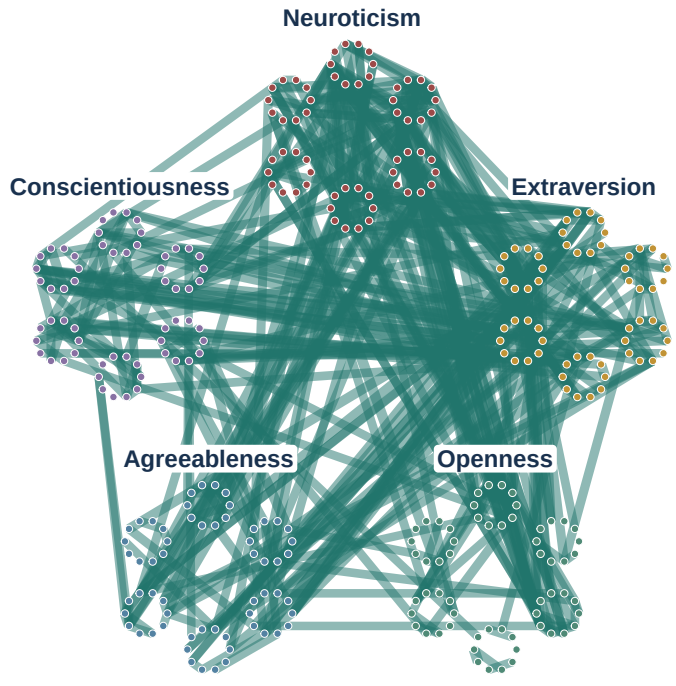

A Empirical correlations

Strongest 449 edges shown; minimum |weight| = 0.456

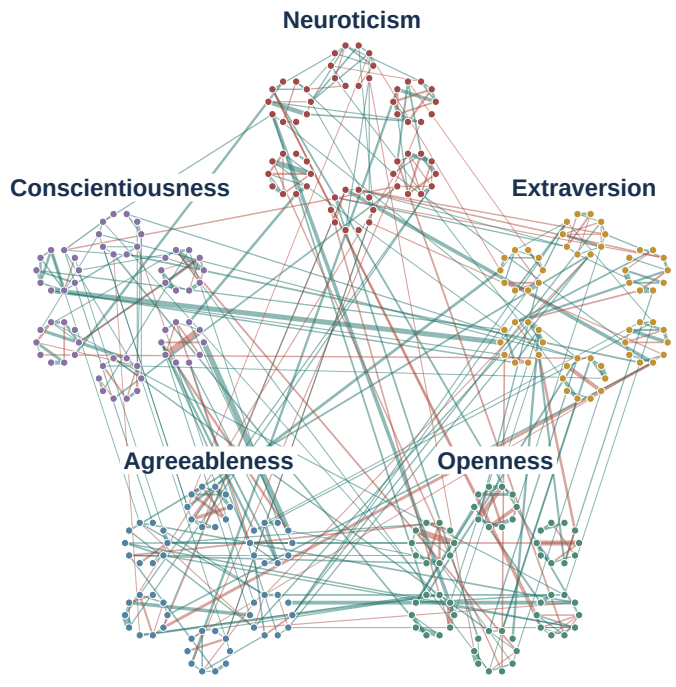

B Embedding correlations

Strongest 449 edges shown; minimum |weight| = 0.743

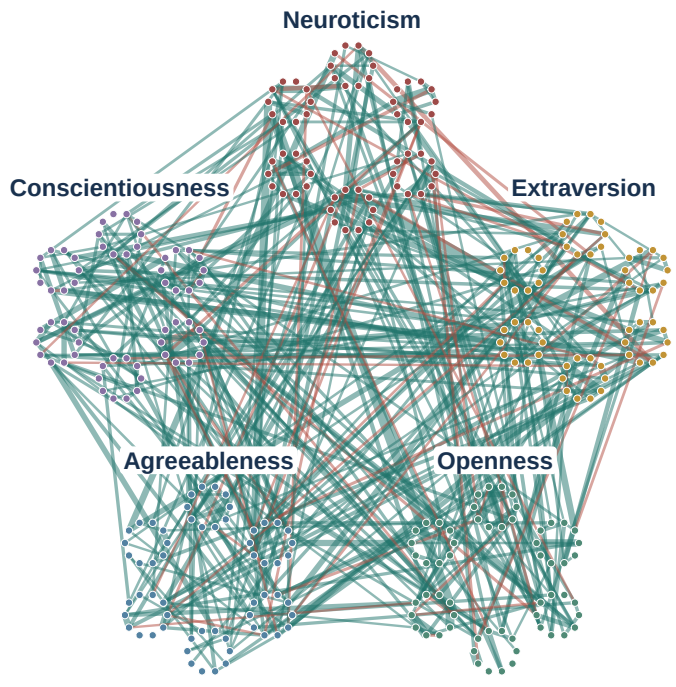

C Empirical partial correlations

Strongest 449 edges shown; minimum |weight| = 0.087

D Partial embedding correlations

Strongest 449 edges shown; minimum |weight| = 0.208
